SEVERAL BADLY INJURED

Collier Grounded While Attempting to Make Charleston, S. C., Harbor, and High Seas Prevented for a Time Any Steamers Getting Close to Her and Crew and Marines Took to Boats

(Associated Press Telegram)
Charleston, July 15.—Tales of the unsuccessful fight of the naval collier Hector against a gale which blew from 110 to 120 miles an hour, great seas, fires and disabled engines and the daring rescue of 102 men by the tug Wilmington were brought here today by the first survivors to land.

The Wilmington, storm battered and having lost her two barges, worked for six hours taking off the crew and 60 marines which the Hector was taking from Port Royal to Guantanamo.

Captain Joseph Newell of the Hector, and about 20 men were taken by the steamer Cypress and the broken Hector was left to her fate, seven miles northeast of Cape Romaine Gas Buoy. No member of the ship's company was lost but four were hurt. The Hector left Charleston Light Ship Wednesday, Thursday morning at about 4:00 o'clock when the rain in the form of the hurricane sweeping up the coast. Huge waves broke over the vessel and poured down the hatches, flooding the holds and disabling the engines. When she was unable to make way, wireless calls for help were sent out. As the big collier rolled at the mercy of the wind which was driving her toward Cape Romaine, fires broke out in the hold. They did not gain headway but added to the terror of those aboard.

The Wilmington reached the collier at 1:00 o'clock Friday afternoon about one hour after the Hector had grounded 14 miles northeast of Cape Romaine. The dangerous work of transferring the men was immediately started and continued for six hours.

There were five men aboard each of the barges, the Wilmington lost while trying to tow them from Philadelphia to Jacksonville. The Wilmington left today to search for them.

Washington, July 15.—Rescue of the naval collier Hector's crew and marines aboard was reported to the navy department early today by the Charleston navy yard. The dispatch said the collier was abandoned shortly after midnight seven miles northeast of Cape Romaine and that the vessel had broken in two. The officers and crew of eighty-one and the sixty marines taken off were said to be nearing Charleston on the tender Cypress and the tug Wilmington.

Admiral Benson, chief of operations of the navy department, announced this morning he had received dispatches from Charleston saying the marines and crew of the Hector all were saved. Part of the rescued men were landed at the Charleston navy yard and the remainder are aboard vessels in Charleston harbor, he said.

A navy department radiogram from Charleston says the Hector was abandoned at 12:45 o'clock this

morning, seven miles northeast of Cape Romaine. The vessel will be a total loss, as she is broken in two. All hands, the dispatch says, were saved and were brought ashore aboard the light house tender Cypress and the naval tug Wilmington. There were twelve officers and seventy men of the crew in addition to one officer and fifty-six marine recruits from Norfolk and Port Royal, S. C. The master of the Hector is G. F. Newell.

A radiogram received at the navy department from the commandant at the Charleston navy yard said that at 2 o'clock this morning all the marines and crew who were on the Hector were safe. It said everybody had left the Hector by 1 a. m. today and that part of the men were at the navy yard and the remainder aboard the tug Wilmington in Charleston harbor.

Commandant Bryant of the Charleston yard sent the following message to the navy department: "Hector ashore seven miles northeast of the Romaine gas buoy. Abandoned by the crew at 12:45 a. m. Ship broken in two and a total wreck. All hands saved. Chief engineer and one fireman seriously injured. Carpenter broken leg. Officers and crew being taken to Charleston."

MARINES EN ROUTE TO SANTO DOMINGO ABOARD THE HECTOR.

(Associated Press Telegram)
Charleston, S. C., July 15.—The tug Wilmington, bound for Jacksonville from Philadelphia, arrived here this morning with 102 of the Hector's men aboard. The Cypress left here last night to pick up the captain of the Hector and 15 men left aboard, rough seas preventing the tug from rescuing them.

The Hector, according to best information, broke in half yesterday (Continued on Page 9, Col. 3.)

UNITED STATES COAST GUARDS HUNT SHARKS

(Associated Press Telegram)
Washington, July 15.—The coast guard service took today active direction of efforts to rid the North Atlantic coast of sharks which have cleared many beaches of bathers. The life saving service will render aid.

The plan of the coast guard is to ascertain first whether the sharks are few in number or comprise large schools. If they are not numerous a cutter will be used to fish for them, but the presence of numbers will necessitate extensive operations. The bureau of fisheries issued a statement declaring there was no reason for panic among bathers.

MAN IS KILLED; DETECTIVE SHOT HIM FOR BURGLAR

Chicago, July 15.—T. Palmer Miller, member of the class of 1912 of Dartmouth college, was shot and killed early today by James Garrey, a detective sergeant, who mistook him for a burglar. Miller was at the home of a friend when a burglar was discovered entering the house. While members of the families and several guests were pursuing the burglar across the lawn, Sergeant Garrey arrived and fired two shots, one of which struck Miller.

MARTIAL LAW IN SPAIN IS NOW IN FORCE

(Associated Press Telegram)
Madrid, July 15, via Paris, 8:35 a. m.—The government has established a military censorship of all press dispatches.

Martial law was declared throughout Spain on Thursday as a result of the railway strike which seriously affected operation of lines of the Northern system. A Madrid dispatch on the night of July 13, said that a general strike had been announced for July 16.

Second Annual Picnic of Farmers and Merchants To Be Held This Year August 10

The second big annual picnic of the Licking County Farmers and Merchants will be held Thursday, August 10, at Licking County Fair Grounds, under the auspices of the Newark Merchants' Association, and according to the program now being arranged by a special committee, the affair promises to be even greater than the first meeting held last year.

Newark gained state wide publicity last year by reason of the Licking County Farmers and Merchants "get together" picnic, which was attended by more than 20,000 people. This year the committee in charge of the affair predict that a crowd several more in number will be in attendance and a more elaborate program carried out.

The chairman of the various committees for the "Big Picnic" are all busy selecting their assistants, and getting down to hard work to make this year's picnic even larger and better than last year. The speakers' committee is now trying to secure several men of national reputation to address the people on this day, and indications are that the two leading men of the hour will be here.

The entertainment committee also is busy arranging to have plenty of good music. Dancing, horse races, prize drills, baseball games and contests for men, women, boys and girls. They will arrange for another tug of war between the Country and City men, and confidentially, several business men have already entered training for the contest, which was such a big hit with last year's crowd.

One of the big features of this year's meeting will be that all prizes awarded to winners of the various contests, with the exception of the horse races, will be cash instead of merchandise.

Other features of the program being arranged is the serving of free coffee and lemonade at noon. Then a cash prize will be given to the Orange making the best display and appearance in the big parade scheduled to take place at 1 p. m. All granges are urged to participate in (Continued on Page 10, Col. 2.)

EIGHTH

Expects To Be Off To Mexican Border Within 24 Hours

SUPPLIES LOADED THIS AFTERNOON

Ten Days' Rations Issued to Each Man

DESTINATION A SECRET

Col. Edward Vollrath, of Bucyrus, Commands First Unit of Ohio Troops to Go South—Complaints About Food Supply for Soldiers at Camp Willis to Be Investigated.

(Associated Press Telegram)
Camp Willis, Columbus, July 15.—"The fighting" Eighth regiment of the Ohio national guard today received long expected orders to entrain at once for the Mexican border. This regiment, the first of the Ohio troops to be ordered south, was to begin entraining and loading of supplies on railroad cars at 3 o'clock this afternoon.

The Ohio squadron of cavalry also was ordered to get ready to move to the border, and federal mustering officers stated they believed all of the Ohio guardsmen will have left Camp Willis in a week. Just when the cavalry squadron will leave was not announced, but the Eighth is expected to leave sometime tonight. Major Robert W. Mearns, senior federal mustering officer at Camp Willis, announced that he had received instructions from central army headquarters at Chicago to rush to the border as soon as possible "all Ohio troops 'reasonably ready'."

The commissary department received orders to equip the Eighth regiment infantrymen with rations for ten days. The Eighth is expected to go by Pennsylvania railroad to St. Louis. Its destination was not announced, but it is believed to be either El Paso or San Antonio.

However, the time for departure of the troop trains and the route which they will traverse are being held secret by officers.

News that they are soon to leave, eagerly awaited by the guardsmen and the troops of the cavalry. Amid shouts and cheers, some set about getting their equipment in readiness for "breaking camp." Others hastened to the camp telephone stations and wired wives, sweethearts and friends that they would soon be on the way to the border.

Early this afternoon relatives of the soldiers residing in or near Columbus, who had heard of the orders to move, began flocking into Camp with baskets laden with home cooked dainties. Many of the men got leaves and had a farewell picnic dinner with their friends.

Thousands of people are expected to call at the camp tomorrow in view of the intended leaving soon of the other militiamen encamped here. The "something was doing" was evidenced in the activity which followed receipt of the word to go. Commissary department details were doubled to insure stores would be weighed up and be available in proper time. Great motor trucks bearing huge loads of foodstuffs began discharging their cargoes at the camp store house.

Meanwhile railroad representatives were telephoning and telegraphing in order that shortage of coaches for the men would hamper movement of the troops. Though railroad men said they had instructions to provide only day coaches, it was reported the men would be transferred to sleepers at St. Louis, that being the route the troops will take enroute to the border land, according to officers.

Major A. W. Reynolds, chief camp commissary officer, said each regiment will go in two sections. One half a baggage car will be allotted each company. In these field ranges will be set up, the stove pipes being shoved outside through car doors.

If possible, stops will be made at meal time in order to prevent littering of cars with food and that the men may mess more satisfactorily. Here is the list of rations which the Eighth regiment will take when it leaves camp: 1,328 pounds of beef, 32,010 pounds of bacon, 4,268 pounds of corned beef, 107 cans of salmon, 3,587 pounds of flour, 2,391 pounds of soft (bakers) bread, 5,315 pounds of hard bread, 63 cans of baking powder, 797 pounds of beans, 531 pounds of rice, 9,301 pounds of potatoes, 2,657 pounds of onions, 664 cans of tomatoes, 425 pounds of prunes, 425 cans of jam, 744 pounds of coffee, 2,126 pounds of sugar, 522 cans of milk, 26 gallons of vinegar, 26 gallons of pickles, 425 pounds of salt, 106 pounds of pepper, 37 cans of cinnamon, 425 pounds of lard, 322 pounds of butter, 106 gallons of syrup, 74 bottles of vanilla, 425 pounds of soap, 159 pounds of candles, and 288 boxes of matches.

Despite statements that Governor Frank B. Willis was incensed over reports made yesterday to camp commander General W. V. McFadden, (Continued on Page 10, Col. 2.)

WILL H. ORPET, WHOSE FATE IS NOW IN HANDS OF JURY

Orpet Sat Beside His Mother and Seemed More Cheerful as End of Case Draws Near; State's Closing

(Associated Press Telegram)
Waukegan, Ill., July 15.—The case of Will H. Orpet, University of Wisconsin student charged with the murder of Marion Lambert was given to the jury this afternoon.

Counsel for the defendant said that Judge Donnelly's instructions to the jury were "amounting" to a command to the jury to acquit.

An audience mostly of women, packed Judge Donnelly's court room today in expectation that the trial of Will H. Orpet, charged with the murder of Marion Lambert, would go to the jury.

Orpet seemed more cheerful at the prospect of the ending of the period of suspense. His mother sat by his side as usual, and the landlady of his university days, Mrs. Edwin Taylor, of Madison, Wis., on the other. His father, the big, bearded superintendent of the Cyrus McCormick estate, was immediately behind him.

Attorney David R. Joslyn, who began the closing argument for the state yesterday, said that his final remarks would take most of the forenoon.

The case of Marion Lambert and William H. Orpet in the course of its development became one of the most perplexing in the annals of criminal history. Motive paralleled motive, action paralleled action, opportunity paralleled opportunity until the marks of murder and of suicide became substantially as one.

In the end the guilt or innocence of the defendant, so far as the admission of actual fact was concerned went to the jury on the mystifying

needles of chemical analysis and Orpet's own compromising conduct. The mystery attracted unusual interest in all parts of the United States and Canada.

Trial of the case including selection of a jury occupied the better part of two months. There appeared in evidence 44 letters written by Orpet to Marion over a period of a year; bottles and boxes containing samples of cyanide from the McCormick estate, from the Deerfield high school laboratory, from Kraft's drug store at Lake Forest and white powder scraped from Marion's hand and from spots on her cloak; the girl's garments; a magazine article dealing with the use of cyanide as a fumigator in greenhouses; the chemistry text books used respectively by the high school girl and the college student.

ELECTRIC FANS IN OFFICE SPITE OF FUNDS' SHORTAGE

(Associated Press Telegram)
Columbus, July 15.—The offensive drive of "Captain" Hot Weather and "General" Humidity has completely crumbled Service Director Borden's defenses and he has capitulated completely to the electric fan and city hall employees. Because of a shortage of city funds, the director is attempting to save expenses and some time ago issued an order that no electric fans were to be turned on this summer in the city hall.

When street thermometers yesterday registered 100 degrees the allied heads of departments descended upon the service director and he surrendered. He announced, however, that as soon as the heat spell is over the fans will be turned off again.

DEMOCRATS TO HOLD CONVENTION AUG. 2 IN WEST VIRGINIA.

(Associated Press Telegram)
Parkersburg, W. Va., July 15.—John W. Davis of Clarksburg, W. Va., solicitor-general of the United States, has agreed to act as temporary chairman of the Democratic State Convention here on August 2, according to an announcement made by the state committee yesterday.

DEUTSCHLAND RULED TO BE MERCHANTMEN

(Associated Press Telegram)
Washington, July 15.—The state department formally ruled today that the German submarine Deutschland is a merchant vessel and entitled to treatment as such.

In announcing the ruling, Acting Secretary Polk said it was not to be taken as a precedent and that any similar case arising in the future would be dealt with on their own merits.

MURDEROUS

ATTACK UPON WOMAN, AFTER HUSBAND HAD ANSWERED "FAKE" PHONE CALL.

Upon His Return Home He was Fired Upon Also by Man from Behind a Tree.

(Associated Press Telegram)
St. Joseph, Mo., July 15.—Mrs. Oscar C. McDaniel, wife of the prosecuting attorney of Buchanan county, is in a critical condition at a hospital here today as a result of an attack upon her in her home last night. A man fired five shots at her husband, who engaged in a pistol duel with him. Neither was hit and the man escaped. The attack was carefully planned, and the police connect it with an anonymous letter received by McDaniel about a week ago.

McDaniel was called down town by a telephone message about 11:30 p. m. The voice at the telephone said his brother was ill and that he should take him home. McDaniel drove in his automobile to the place designated, but did not find his brother. He hurried home and as he stopped his car in front of the house a man opened fire on him from behind a tree. After his assailant fled, the prosecutor went to his wife's room where he found her unconscious, her head badly crushed. Bloodhounds have been brought to track the assailant.

WORKHOUSE FOR CHECK PASSER

(Associated Press Telegram)
Columbus, July 15.—O. N. Stephens of Cleveland was sentenced to 30 days in the workhouse in municipal court today for passing a worthless check on a local department store.

When arrested Stephens had a book of checks on the Guardian Savings and Trust company bank of Cleveland.

HEAT DEATH IN TOLEDO.

(Associated Press Telegram)
Toledo, July 15.—"Death from heat prostration," was Coroner Charles Henzler's verdict, when he examined the body of Andrew M. Johnson, 47, Johnson, stricken yesterday, died early today. He is the second death here this week from heat prostration.

TRACTION ENGINE

MARS PAVEMENT; MAY BE ARRESTS

Vandalism is the only term that can characterize the operation of a heavy traction engine which made a trip Thursday evening upon the new asphalt pavement on Twelfth street, from Granville to Hoover street. The caulk in the rims of the big wheels sank deep into the pavement and formed a track of ruined asphalt between the two streets, just the width of the wheels' tread.

An ordinance recently was passed by the city council making such an act a misdemeanor, and residents along Tenth street now are making every effort to find the identity of the man, so lost to every sense of the rights of others, and they believe they have the right person in view. He should be taught a lesson, and if possible, compelled to restore the street.

Children From Any Infected Districted Must Be Reported as Arriving, by Hotel Keepers

(Associated Press Telegram)
New York, July 15.—Hotel and boarding house keepers all over the state were notified today by local health officers that they would be expected to do their part in preventing the spread of infantile paralysis. The local health authorities acted under instructions from Dr. Hermann M. Biggs, state commissioner of health, who was led to send out a new circular of information, owing to the fact that thousands of families have left New York for the rural districts to safeguard the health of their children.

Proprietors of hotels, and boarding houses will be required to notify health officers of the arrival of children from infected districts. Those who fail to do so, Dr. Biggs said, will be held personally responsible for any unfavorable developments.

The state health department also urges local health officers to see that glasses, dishes, spoons and other utensils in eating and drinking in public places are thoroughly scalded or otherwise disinfected after use. This rule has been entered already in New York City. The instructions

BIG DENT

In German Lines Is Being Deepened by British Infantry

AND BOMBARDMENT OF BIG GUNS

After Forcing Second Line Attack Continues

ALONG FOUR-MILE FRONT

Force of Renewed Drive is Shown Not Only in Territory Gained But in Number of Prisoners Captured—Russians Continue On the Offense Against the Turks.

The Associated Press gives the following resume of operations upon European war fronts:

British guns and British infantry continue to deepen the big dent in the German lines north of the Somme.

After forcing the second line along a four-mile front General Sir Douglas Haig's forces continued to attack today. As a result the Germans at one point have been pushed back to their third line of defense. This marks a British advance of four miles from the original German lines as they existed at the beginning of the offensive on July 1 in the Fricourt-Mametz sector.

The force of the renewed British drive is shown not only in the ground gained, but in the number of prisoners captured. London reports the taking of more than 2,000 Germans within the past 24 hours, the total since the start of the offensive now being in excess of 10,000.

While the British are thus pushing back the Teutonic lines, the French on their right flank are remaining comparatively inactive, having already achieved a similar object. They are busy at Verdun however, where they have repulsed an attack near the Avocourt redoubt, on the extreme left of the Verdun front, while their artillery is actively replying to bombardments by the crown price's guns on the east bank of the Meuse. At Apremont, attempted German attacks were broken up by the French barrage fire.

Hard fighting continues between Russians and Turks in Turkish Armenia, where the Russians are pushing westward from Mamawhatan. The result of the battles so far is indicative, Constantinople reports.

DEMOCRATS WILL HOLD CAUCUS ON SENATE PROGRAM

(Associated Press Telegram)
Washington, July 15.—Senate Democrats will caucus tonight to decide whether the legislative program drawn up recently shall be extended at the cost of lengthening the present session of congress beyond September 1. Many Democrats are insistent that special measures be added to the program but leaders realize that this would mean the session would extend into the fall.

Democrats and Republicans are still apart on what measures are to be disposed of. Earlier in the week at a joint conference Republicans consented to consideration of the appropriation, revenue, shipping and corrupt practice measure, but Democratic champions of many measures are demanding now that this program be enlarged.

Commissioner Biggs' circular said: "It is earnestly hoped that as little inconvenience and hardship will be inflicted upon the people of the state as is compatible with the health of the people."

Physicians fighting the plague here were encouraged today by cooler weather also by the fact that there has been a slight decrease in the number of offenders arrested for violations of the sanitary law. The police say janitors and caretakers of apartments are co-operating with them to enforce the law.

A marked drop in temperature failed today materially to reduce the fatalities and development of the epidemic of infantile paralysis. During the 24 hours ending at 11 p. m. this morning there were 27 cases and 144 new cases of the disease reported in the five boroughs of New York City.

To control the epidemic which has been felt in all parts of the city, the Rockefeller foundation has made the sum of \$100,000 available in charge of the fight against (Continued on Page 7, Col. 2.)

Men of Newark

J. H. MILLER THE ATTORNEY WHO WAS BORN AND REARED ON the farm, is a son of the late Jacob A. Miller who was for years one of the staunch farmers of this county. After teaching school for a time, Mr. Miller attended and graduated from Bethany College, West Virginia, where he was a member of the Phi Kappa Psi chapter. He then came to Newark and began the practice of law in this city in 1900. Mr. Miller still clings to his interest in the farm and is also connected with some business enterprises in the city. He has always been active in political and civic questions. He is now a candidate for the nomination for State Senator on the Democratic ticket in the Licking-Bellevue-Perry-Muskingum district. Although defeated two years ago under unfavorable circumstances, Mr. Miller ran much ahead of the state ticket.

ORPET

(Continued from Page 1.)

Cent. a copy of the Wisconsin statute dealing with the sale of poison and a bottle of molasses and water.

Five chemists, all of whom were specialists in toxicology, one alienist, two surveyors, druggists, street car men, an undertaker, school teachers, police officers, reporters and friends of the Orpets and Lamberts were among the long array of witnesses who testified.

Ralph W. Dady, state's attorney of Lake county; David R. Joslyn, state's attorney of McHenry county, and Eugene M. Ruysard appeared as counsel for the prosecution, and James H. Wilkerson, former United States district attorney at Chicago, Ralph P. Potter, his law partner, and Leslie P. Hanna, of Waukegan, for the defense. More than a thousand spectators were examined before a jury, said by counsel upon its selection to be above the average in intelligence and character, was chosen. Judge Charles H. Donnelly presided.

The series of parallels started at Lake Forest, one of the series of aristocratic suburbs dotting the heavily wooded bluffs along the west shore of Lake Michigan from Chicago to Waukegan, for Frank Lambert, father of Marion, was superintendent of the Kuppenheimer estate, and Edward O. Orpet, father of the defendant, superintendent of the estate of Cyrus McCormick, both at Lake Forest.

Last summer, young Orpet, then a pallid, slender youth of 19, of sharply regular features, somewhat vain of his college opportunities and undisciplined as to character, returned from the University of Wisconsin at Madison for a vacation at home. He fell madly in love with Marion, according to his letters. She had completed her junior year in the Deerfield high school and was then seventeen and known for her gaily and laughter—"the life of the party," as one witness put it.

When Orpet returned to college in the fall of 1915, frequent letters

were exchanged. Orpet destroyed her's; she saved his and they remained after her death to speak of the great fear of exposure that came upon her. Orpet, in testifying, said that he was certain that these fears were groundless. Once he mailed her a bottle of molasses and water to ease her mind," and he brought a similar compound with him for the same purpose when he entered Helm's wood, near Lake Forest, with her on the morning of Wednesday, February 9, last.

Orpet testified that he made the trip to allay her fears and to explain a story which had reached Marion that he was engaged to one Celestia Tonker, but the elaborate efforts which he made to keep the trip secret, and his subsequent conflicting statements of it to officers of the law developed into the most damaging evidence against him. It led to the menacing question of Mr. Joslyn, reiterated again and again: "Why? Why? Why? Why did you come? You brought no relief; you brought no medicine; you brought no tenderness—no words of love! Why did you come?"

On February 8, Orpet at Madison left three letters, post-dated February 9, with his friend Otto Peterson to be mailed on the latter date. One was to his mother, one to Marion, and the third to Marion's friend Josephine Davis. They were worded to make it appear that the writer was in Madison on February 9, the day he kept his tryst in the woods with Marion, and she came to her death.

Orpet explained on the stand that the alibi letters, as they came to be known, were written so that if by accident he were seen at Lake Forest and word of the fact reached Marion's parents, who objected to him, or his own parents, who expected him to remain faithful to college duties at Madison, they would accept the letters as conclusive evidence to the contrary. The letter to Josephine was to corroborate that to Marion. Josephine testified that she never received it.

On the afternoon of the eighth, in a dark overcoat which he said he had borrowed to wear with a dress suit to a party which he expected to attend on the twelfth, carrying the bottle of molasses and water in his pocket, and leaving behind him the alibi letters and a bed rumpled to deceive his landlady, the student proceeded by way of Milwaukee, where he spent a half hour or so between

trains, to Lake Forest. Arriving there he arranged by telephone to meet Marion on her way to school the next morning, walked about for a while to make certain that his parents had retired, and entered the McCormick garage where he spent the night on a cot.

In the morning he and Marion met and walked through the snow into the woods. Orpet testified that there was little conversation, and he could recollect only the purport of it. He offered her the "medicine" and she refused it. He started to leave but she called him back and asked if he was going to write to her any more. He said there seemed to be no use of it, and started away again.

"Something made me look around—I don't know what—and I saw Marion lying in the snow," related the defendant on the stand. "I returned, knelt over her for maybe a minute. I noticed the moist powder in the lines of her hand. Her eyes were glazed. Then a kind of fog came on my brain and I don't remember much after that except that on reaching the road I threw away the 'medicine' and made my way on foot to Highland Park, caught a train, and that evening arrived at Madison."

Marion was missed that night and her body found the next morning. Orpet was arrested and told numerous conflicting stories prior to the trial, these being used against him at the trial. During his cross-examination which lasted three days he repeatedly took refuge in "I don't remember." He spoke in a low voice, with apparently studied effort, but nevertheless became involved at times and extricated himself by correcting his previous testimony. His manner was nervous, and he rarely looked at his inquisitor, Attorney Joslyn.

Early in the case the state developed the theory that Orpet purchased a two-ounce bottle from Charles Hassinger, a friend employed in a drug store at Madison, obtained cyanide of potassium from an illicit supply in the greenhouse on the McCormick estate, and made a solution of it before retiring to bed in the garage. It was charged that he either forced Marion to take it, or deceived her with the explanation that it was medicine.

The state was unable to persuade any witness to come from Wisconsin, and repeatedly hinted that a sinister influence of the defense was at the bottom of it. Hassinger, wanted with reference to the bottle was among those who declined to testify, and no bottle or other container for the poison was ever found. Orpet Peterson likewise became a persistent absentee, despite the need for his testimony regarding the alibi letters and as having seen Orpet, according to the latter, concoct the molasses and water.

Dr. Ralph W. Webster and Dr. W. J. McNally, chemists, testified for the state that Marion died of liquid cyanide of potassium, and that the spots on her coat were left by drops of the solution. Three defense chemists testified that the poison was taken in powder form and that the important and accusatory cyanide in the greenhouse was not cyanide of potassium at all, but cyanide of sodium, with only a faint trace of potassium. Dr. McNally, having made further experiments, voluntarily appeared for the defense and corrected his previous testimony to agree with that of the defense, and Dr. Webster, called by the state, did so in reply to a hypothetical question on cross-examination.

It was shown further without contradiction by every chemist who had a hand in the examination of Marion's stomach contents that cyanide of potassium caused her death. Only an inconspicuous trace of sodium appeared. When it was shown in addition that to have taken in the amount of cyanide of potassium found in her stomach, Marion would have to eat two pounds of the substance in the greenhouse, or to have drunk two quarts of a solution made from it, it was admitted generally that this substance as the instrument of death had disappeared from the case.

The fact that young Orpet might have obtained the greenhouse cyanide had its parallel in the laboratory of the Deerfield high school attended by Marion. The instrument of murder and the instrument of suicide were equally available. The laboratory substance was 97 percent pure cyanide of potassium. Marion, on the day before her death, was alone in the laboratory out of hours in violation of a school rule.

The parallel of knowledge of cyanide did not run so straight. Orpet, according to his testimony, had not looked at a chemistry text book for two years, while Marion's next lesson which she was preparing included the subject of cyanide of potassium. Orpet, however, knew of its use in the greenhouse as a fumigator, and had read an article on its use in horticulture.

VICE PRESIDENT OF MOTOR CO. SUICIDES

New York, July 15.—Paul Smith, vice president of the Chalmers Motor company of Detroit, committed suicide here today by jumping out of a tenth story window of the Hotel Biltmore. Mr. Smith arrived from Detroit this morning with his wife and a trained nurse to consult medical experts as to a nervous trouble from which he had suffered. He was about 40 years of age.

NICKEL PLATE RAILROAD IS REORGANIZED

(ASSOCIATED PRESS TELEGRAM) Cleveland, July 15.—The Nickel Plate railroad was reorganized by its new owners, O. P. and M. J. Van Sweringen here today. President Caniff resigned and J. J. Bernett, vice president of the New York Central railroad, was elected to succeed him.

Other officers elected are: Chairman board of directors, O. P. Van Sweringen; vice presidents, W. S. Hayden, J. R. Nutt and M. J. Van Sweringen; secretary, W. D. Turner; treasurer, Otto Miller; general counsel, M. B. and H. J. Johnson. Members of the new board of directors are: O. P. Van Sweringen, M. J. Van Sweringen, W. S. Hayden, J. R. Nutt, F. E. Myers, C. L. Bradley, M. B. Johnson, G. W. Davidson, E. R. Tinker, G. M. P. Murphy, H. S. Vandervilt, J. J. Bernett, G. W. Moore.

Caniff remains president of the Chicago and State line railroad, which is a subsidiary of the Nickel Plate. Of the directors and officers all are Cleveland men excepting Davidson, Tinker, Vandervilt and Bernett. President Bernett started in the railroad business as a telegraph operator for the Lake Shore railroad at Buffalo. That was in 1889. In 1895 he became a train dispatcher at Buffalo and trainmaster of the Eastern division in 1901. He was made assistant superintendent of the eastern division in 1903, division superintendent in 1905, assistant-general superintendent a year later, then general superintendent assistant to vice president O. E. Shaft and finally in 1913, vice president with headquarters at Chicago. He is 48 years old.

Caniff is 68. He had been president of the road since 1898. Bernett by reason of his years is expected to bring the vigor desired to develop the interurban and freight terminal facilities of the road planned by the Van Sweringens for Cleveland.

NAVAL MILITIA ON PRACTICE CRUISE, OFF RHODE ISLAND

(ASSOCIATED PRESS TELEGRAM) Philadelphia, July 15.—Two thousand United States naval militia men were to leave here today aboard the battleships Alabama, Illinois and Rhode Island and the cruiser Chicago for their annual practice cruise which will continue until July 29. The maneuvers will be held in Black Island Sound, R. I., and will be under actual war conditions. The men sailing from the local navy yard were drawn from Pennsylvania, New Jersey, Maryland, Illinois, Missouri, Minnesota, Ohio, and Washington, D. C.

The ships from this city, together with vessels carrying militiamen from Boston, New York, and Norfolk are to rendezvous at Block Island, Monday morning. The fleet will be under command of Rear Admiral Helm.

AVIATION SECTION AND HYDROAEROPLANE WITH NEW YORK MEN.

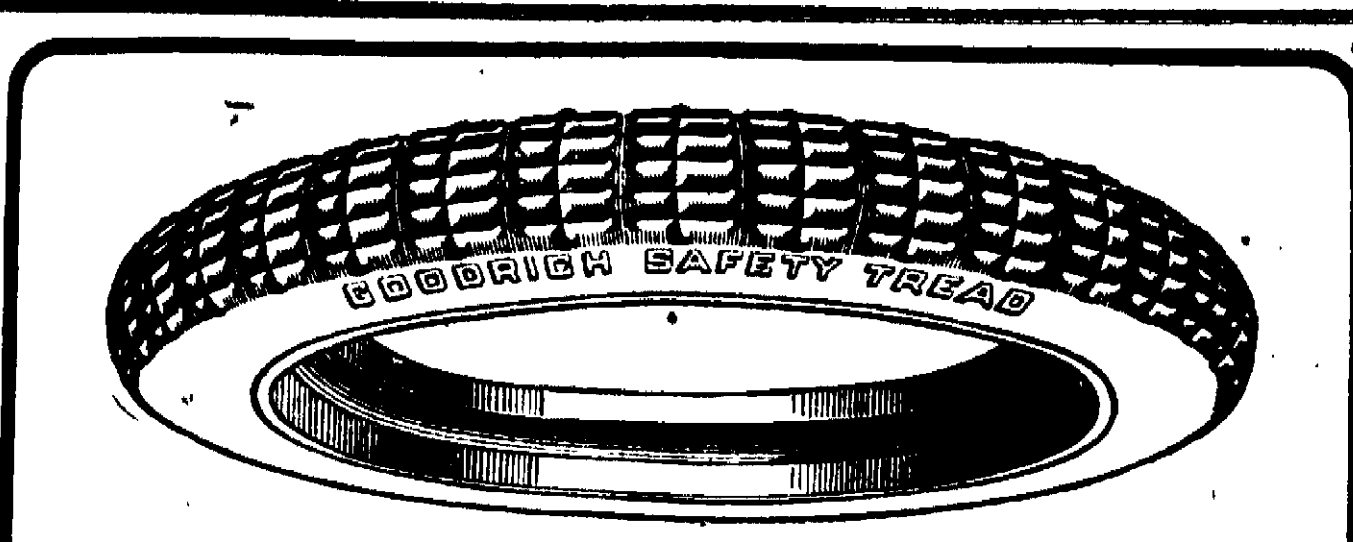

(ASSOCIATED PRESS TELEGRAM) New York, July 15.—Seventy-five officers and about 1200 men, comprising three battalions of naval militia from New York state and two from New Jersey embarked on United States warships here today for their annual practice cruise. They will participate with the navy and other branches of the naval militia in maneuvers off Block Island. The militiamen have been assigned for use on the battleships Maine, Kentucky, and New Jersey and the gunboat Gloucester.

The Manhattan battalion included an aviation section with a hydroaeroplane. An officer and 428 men from the Second battalion, marine corps branch of the naval militia started today for camp at Wakefield, Mass., and twenty-five members of the first and second aviation corps went to Bayshore, Long Island.

PRODUCTION OF CRUDE OIL HAS SHOWN DECREASE

Lima, O., July 15.—Crude oil production for the first six months of 1916 in the United States reached a total of 148,000,000 barrels with Pennsylvania, Ohio and Indiana contributing a total of 12,000,000 barrels of that amount, according to statistics compiled here. As compared with 1915 this is a loss of 2,500,000 barrels with Pennsylvania, Ohio and Indiana dropping 250,000 barrels of this total. During the first half of the year the stocks in the central states were reduced 675,000 barrels and those in Illinois 1,100,000 barrels. At the same time the stocks in Oklahoma and the mid-west fields increased 3,500,000 barrels. Statistics show that the production of the first half year have gone almost directly into consumption. The first sharp decline in crude oil prices in a year came today when the Texas company announced a general reduction of ten cents a barrel on all light grades.

Treasured Trees. Two trees to be seen in the main street of Thorshavn, the capital of the Faeroe islands, have an interesting history. Trees resolutely refuse to grow in these islands, except in some few sheltered spots, and the inhabitants therefore prize them greatly. When the road was made it was decided to leave the trees in the middle of the carriageway rather than be guilty of the crime of felling them.—Exchange.

Help us to HOLD DOWN—Tire Prices

TIRES, and GASOLINE, "make the Wheels go round!" A Car in the Garage COSTS as much as a Car-on-the-Road, but it pays no dividends, on the Investment, so long as it STAYS in the Garage.

The VALUE of the Car,—to its Owner,—narrows down, in the ultimate, to the precise number of Hours he USES that Car, yearly.

If a \$2,000 Car be owned for, say, 4 years (then sold for \$600.) there has been \$1,400 of Car-Value absorbed by the Owner,—equal to, say, \$350. per year. If then, that Car be USED 913 Hours in the year, it would cost him but 38 CENTS per Hour, for Car-Use.

But,—if he used it only HALF that number of Hours, yearly, the Car would cost him 100% MORE for every Hour he used it.

How MUCH he uses it will depend,—to a considerable extent,—upon the PRICE of TIRES and GASOLINE.

This was one of the reasons why we (Jan. 31st, 1915) inaugurated the Goodrich "FAIR-LIST" Propaganda against High-prices, and Padded-Price-Lists, on Tires.

It is a further reason why we NOW keep our own Goodrich Prices DOWN to the very moderate "Fair-List" figures here quoted.

BETTER Fabric Tires are NOT made, and cannot be made,—at ANY price,—than are produced by The B. F. Goodrich Co. A 15%, to 50%, higher price could well be justified for these same Tires, by fair comparison with other Tires sold at 15% to 50% higher prices. Will you help your own interests (present and future), by further expanding the Sale of that Tire which demonstrates its intention, through LOWERING the Cost of its Tires to you, with every INCREASE in its Volume? Will you thus endorse, and support, the Goodrich Policy which automatically PREVENTS OTHER Makers from forcing UP the Market on Tires? Compare Goodrich Fair-List prices, here quoted. Bear in mind that NO Fabric Tires,—at ANY price,—are "better,"—no House more Fair, and LIBERAL, on proper Adjustments.

THE B. F. GOODRICH CO., Akron, O.

Goodrich "Fair-List" Prices

30x3	Ford Sizes	\$10.40	34x4	\$22.40
30x3½	(Safety-Treads)	\$13.40	35x4½	\$31.20
32x3½		\$15.45	36x4½	\$31.60
33x4		\$22.00	37x5	\$37.35

NOTICE.—These Tires are as perfect as Fabric Tires can be made. But, should any dissatisfaction whatever arise, with any Goodrich Tire, its Owner is invited, and REQUESTED, to take the matter up promptly with us,—the Makers. He will find that Fair, Square, and LIBERAL treatment will always be extended, on all proper adjustments.

CREW MISTOOK BIG IRON DRUM FOR SUBMARINE

(ASSOCIATED PRESS TELEGRAM) New York, July 15.—The Italian steamer Duca Degli Abruzzi, which arrived here today left Naples with all lights out and took a zig-zag course through the Mediterranean to avoid submarines. On July 3, about 5 o'clock in the morning the passengers were aroused by firing. They rushed on deck and found the crew were firing from the guns mounted on the stern of the ship at a floating object which later proved to be a huge iron drum. These drums the officers said, are numerous in the Mediterranean, the Austrians setting them afloat with supplies of oil and gasoline for the purpose of supplying submarines.

INCREASE IS SHOWN.

(ASSOCIATED PRESS TELEGRAM) New York, July 15.—The statement of the actual condition of clearing house banks and trust companies for the week shows that they hold \$85,109,470 reserve in excess of legal requirements. This is an increase of \$11,563,110 over last week.

TO PRESERVE THE HAIR

When your child is grown, the condition of the scalp and the amount of his or her hair will depend largely upon the way it is cared for now.

The human hair is composed of about 175,000 delicate oil plants. Ordinary soaps and shampoos will soon destroy the natural oil and the fatty roots of these plants making the hair dry and brittle or destroying it entirely. EVERY WEEK SHAMPOO is an Anti-septic Oil Shampoo that cleanses and purifies the scalp thoroughly and leaves the hair just as nature intended, soft, fluffy, silky, and the scalp slightly moist with oil, but no surplus oil in the hair.

If men would use EVERY WEEK ANTI-SEPTIC OIL SHAMPOO instead of the strong alkali shampoos which are so commonly used, they would preserve their hair rather than invite baldness. EVERY WEEK SHAMPOO dissolves and removes the dandruff (dry or oily), opens the hair cells, feeds and strengthens the hair roots and leaves the hair clean, soft, fluffy and the scalp healthy. A weekly application for men and children and every other week for women keeps the scalp clean, healthy and the hair in excellent condition.

EVERY WEEK ANTI-SEPTIC OIL SHAMPOO contains both mineral and coconut oils which cleanse the scalp and hair thoroughly, open the hair cells and give the hair plant the oil which it requires. It lathers freely, removes any surplus oil, but does not remove the natural oil which healthy hair requires.

VIOLATION

OF AGREEMENT BETWEEN GER-
MANY AND ITALY ALLEGED
BY LATTER.

In Regard to Respecting Rights of
Citizens of One Country Resid-
ing in the Other.

(ASSOCIATED PRESS TELEGRAM)

Rome, July 15, via Paris, 1:45 p. m.—A strong demand has arisen in the press and among the public for cancellation of the agreement between Italy and Germany whereby the rights of citizens of each country within the other's domain were to be respected, violation of the agreement by Germany being alleged. The situation is such that the relations of Italy and Germany seem to have reached a greater tension than at any time since the war began.

Before leaving Rome in the spring of 1915, Prince von Buelow, then German ambassador to Italy, concluded an agreement with the Italian government under which in case of war between Austria and Italy, Germany and Italy pledged themselves to respect the properties and lives of their respective subjects. This meant for Germany a guarantee of several million dollars worth of property in Italy held by her subjects and for Italy the safety of 30,000 of her citizens still living in Germany.

PATIENT TOO ILL
TO BE REMOVED
TO NEWARK HOME

Raymond Kreager, former Newark young man, but now manager of the Martin's Ferry branch office of the Standard Oil Company, is in a critical condition at his home in Martin's Ferry suffering an attack of typhoid fever. Mr. Kreager, who is the son of Mr. and Mrs. Joseph Kreager, 16 South Morris street, has been ill for the past three weeks.

It was decided Thursday to bring Mr. Kreager to Newark, and arrangements had been made with the Baiter firm for their ambulance to meet him at the Baltimore & Ohio railroad station. But when the time came to board the train for this city, the attending physician stated that it would be fatal to attempt the trip.

Word was received here today that Mr. Kreager's condition remained the same, but that possibly an effort would be made the first of next week to bring him to this city. For a number of years previous to moving to Martin's Ferry to take charge of the Standard Oil Company's branch office, Mr. Kreager was connected with the American Bottle company, serving his apprenticeship and later working at the bottle blowing trade.

SETTLEMENT

OF DIFFICULTIES BETWEEN THE
UNITED STATES AND MEX-
ICO SEEMS LIKELY

Through International Joint Com-
mission—Conferences Being
Held at Washington

(ASSOCIATED PRESS TELEGRAM)

Washington, July 15.—Solution of difficulties between the United States and Mexico appeared today to trend more and more toward settlement through an international joint commission. Informal conferences between Acting Secretary Polk and Eliseo Arrondondo, Mexican ambassador designate, it was indicated, were developing questions for probable submission to such a body.

General Carranza is said to approve the commission plan of settling differences as provided in the treaty of 1848 and state department officials are believed to be willing to let negotiations take this course though preferring that adjustment be made through the present conferences. President Wilson, it is understood, is not dissatisfied with the direction negotiations are taking.

LEAVES TODAY
FOR MEXICO

Ivan Green, a student at Wooster university, and son of Rev. and Mrs. D. A. Green of this city, was called to Columbus today to join his company which will leave with the Eight regiment this evening for the Mexican border.

Mr. Green is a member of Company B of Wooster, being a corporal in that organization. He was visiting his parents in this city when he received word that his regiment had been ordered to entrain and left immediately for Camp Willis.

Ivan is a graduate of the Newark high school and was a member of the football team of 1912. He is anxious to get to Mexico and states that he is enjoying camp life.

Granville

(Special to The Advocate)

Granville, O., July 15.—Habit is strong even with the weather man. For nearly a week now there has been an afternoon shower for the people of Granville, lasting in most cases only a few moments. Yesterday, after a most trying experience with the "two h's"—heat and humidity—it was an amazing sight to witness a heavy downpour of rain with the sun still brightly shining! A downpour that could be heard on the roofs and pattering on the ground. The morning hours today were fair and somewhat cooler and the creek water is swallowing loads and loads of gravel from the Hobart pit. By employing the "eye of faith" one can begin to see a beautiful thoroughfare through Granville, though the paving contractors have suffered a few handicaps in rushing the work. There will be ice cream and cake on the Presbyterian church lawn this afternoon and evening served by the Christian Endeavor young people.

In the Methodist church on Sunday morning there will be a sermon by the pastor, Rev. Otto Giesen, at 11 o'clock Sunday school under direction of J. S. Graham, superintendent, at 6 o'clock p. m. the Epworth league will be held in this church at which Rev. E. D. Barnes will preach. The public is cordially invited.

St. Luke's church, Fourth Sunday After Trinity, Sunday school at 9:30 a. m. Morning prayer and sermon 10 a. m. Sunday school will be held in the parish room of the church during the summer months. You are cordially invited to attend any service.

Morning services in the Presbyterian church will be conducted as usual with sermon by the pastor, Rev. E. D. Barnes, who is to deliver the sermon at the union services in the Methodist church.

At the First Baptist church, the pastor, Rev. Millard Brelsford will preach on "The Church at Laodicea," completing the series of sermons on "The Message of the Spirit to the Churches." Sunday school at 11:15 Prof. Forbes will superintend. At all the churches good music under competent directors is a feature of all the services even in the summer time.

Miss Mary Carl of Newark has been the guest for several days of Miss Blanche Putnam in West Maple street.

Mrs. Kenneth Hall of Newark, accompanied by her little daughter, has been in Granville for several days visiting at the home of her parents, Mr. and Mrs. B. C. Belt in South Mulberry street.

In an automobile drive the other evening it became unpleasantly manifest to several people that as yet the ugly crossing of the T. and O. C. railroad with the Columbus road has never received the slightest attention. Both going and coming that crossing is a menace to public safety not alone to strangers ignorant of conditions, but equally to those who take the drive every day. The road curves, the railroad curves, and just ahead, on the way to the west, the road again curves to a narrow bridge. Eastbound, the view of the railroad is entirely hidden behind a dense mass of foliage growing along the creek bank. This at least might be cut down without undue effort or expense and the widening of the road which has been spoken of should be accomplished before more lives are sacrificed to procrastination and indifference.

The girls of Sigma Delta Phi remaining in Granville for the summer enjoyed an informal but delightful little dance in the chapter house in Park Drive Wednesday evening. The rooms were artistically decorated with roses and light refreshments were served during the evening. Mrs. H. C. Putnam chaperoned and there were present: Misses Blanche Putnam, her houseguest Miss Mary Carl of Newark, Misses Mabel Herrick, Helen Swope of New Mexico, Alma Drumback, Florence Gill, Carrie Hawley, Josephine Hilliard, Mary Anderson, and Messrs. Hall, Ayler, Emswiler, Baird, Metcalf, Taylor, McConaughy, Holton, Thresher and Ned Putnam.

Miss Mabel Jones, for a few days prior to her departure for Japan, is visiting at the home of Rev. and Mrs. S. W. Hamblin in West Broadway. Miss Jones, who received her diploma from Denison in June, has decided to remain in the foreign field for a year at least. She has been a factor in college and church activities during her stay in Granville and a large circle of friends wish her God-speed on her long journey.

Mrs. L. E. Davis and her cousins, Mr. Arthur and Miss Susan Hayden of North Adams, Mass., who are her house guests, spent the day in Columbus Friday, visiting Prof. and Mrs. A. D. Cole in Neil avenue. From Boothbay Harbor, Maine, comes the word that Dr. R. S. Colwell has been suffering from a strained ankle; that the "Buckeye Burr" the summer cottage of the Colwells is in running order, and that the family was about to start for Portland in the sloop belonging to the son, Prof. W. A. Colwell, who is an efficient skipper. Dr. and Mrs. Colwell, however, preferring motor power as being more reliable, went by the regular boat.

Will Sloan's Liment Relieve Pain? Try it and see—one application will prove more than a column of claims. James S. Ferguson, Phila. claims. James S. Ferguson, Phila. Pa., writes: "I have had wonderful relief from my knee. To thing after all these years of pain one application gave me relief. Many thanks for what your remedy has done for me." Don't keep on suffering, apply Sloan's Liment where your pain is and notice how quick you get relief. Penetrates without rubbing. Buy it at any Drug Store, 25c.

Waiters' Strike
In Cleveland Is
Threatened Today

(ASSOCIATED PRESS TELEGRAM)
Cleveland, July 15.—Upon the results of a conference to be held this afternoon hinges a strike of waiters in hotels and restaurants here. Demands and counter demands have been discussed for more than a week. At a secret meeting of waiters last night, it was voted to strike tonight unless demands were met. The waiters ask a minimum of \$40 a month. Employers have offered \$35 for the first six months and \$37.50 thereafter.

Seattle restaurants now serve stewed barnacle as a delicacy.

DR. L. D. ROGERS
NEW BOOK IS
JUST PUBLISHED

"Auto-Hemic Therapy" is the title of a book from the pen of Dr. L. D. Rogers, that has just been issued from the press of the Ideal Life Extension Press of Chicago.

This interesting little book which tells of "treating your blood" with your own blood" is dedicated to Dr. Rogers' son, Lyman Wright Rogers, M.D., who allowed his father to use him as a subject for experimentation during the early days of the research work at a time when it was not easy to get people to risk their lives for the cause of science.

Dr. Rogers, A. M., M. D., LL. D., formerly surgeon to Cook County Hospital, Chicago, first president of the American Cancer Research Society and for 20 years senior professor of surgery in the National Medical University, is well known in Licking county, his old home.

In the preface to his book Dr. Rogers says: "We are almost ready to assert that every man carries his own drug store with him in his blood. With scarcely any qualifications we can say—as your blood is, so are you. We are inclined to believe that time will show that my discovery is even more important than Carrel's for which he was awarded the great prize, because of its greater practical use. In eugenics alone it promises possibilities for good beyond comprehension. We estimate that it is capable of reducing the amount of congenital defects, mental and physical, full 50 per cent, while enabling the child in many cases to be born with about 25 per cent more intelligence and resistance to disease besides making child bearing 75 per cent easier." Dr. Rogers' new system of blood treatment consists in making a serum or solution in which there is some of the patient's own blood.

Charity, beginning at home, enables a man to practice on himself.

Society

The July meeting of the Woman's Missionary society of the Fifth Street Baptist church was held Thursday afternoon at 2:30 o'clock in the parlors of the church, with Miss Nellie Armstrong acting as hostess. The following program was given:

Hymn, "Jesus Is All the World to Me."
Devotional Leader — Miss Julia Boner.

Scripture Lesson, 8th chapter Romans.
Sentence Prayers—Led by Mrs. Crabtree.

Hymn, "Tis So Sweet to Trust in Jesus."
Business session.

Hymn, "The Touch of His Hand on Mine."
Mission Question Box from June "Missions" by the members of the society, led by Mrs. Taylor.

Foreign Topic, reading "Coming, Coming, Yes They Are"—Mrs. Arthur Taylor.

Home Topic, reading, "A Reclaiming Force"—Mrs. Harry Cross.

Closing—John 3:16.
After the program light refreshments were served by the hostess, and her committee, and a social hour followed.

A very pretty croquet party was given on Wednesday afternoon by Miss Gladys Boring at her home in Prospect street. The little invited guests were adorned with pink and blue caps, the table and room being arranged with sweet peas and nasturtiums. The invited guests were: Martha Morgan, Mary Belle Lake, Dorothy Reynolds, Rollette and Ruth Patterson, Margaret Osborn, Florence McInturf, Rachel and Katherine Ellis, Lura and Evelyn Love, Angelyn Glenn of Wilmington.

Mr. and Mrs. Michael Daugherty entertained a number of young people Tuesday night in honor of their daughter Ethel's birthday anniversary. Miss Daugherty received many presents, among them being a ruby ring given by several of her friends. The evening was spent in music and games and at a late hour dainty refreshments were served to the following: Misses Clara and Marcella Kaercher, Gail Lynn, Mabel Cummons, Pearl Speaks, Martha Bolton, Irene and Mary Johns, Mary Driscoll, Hazel Francis, Florence Hollar, Nettie Priest, Helen Griffith and Thelma Schwalm of Pittsburgh, Messrs. Albert Teagarden, Edward Dixon, Robert and Jess Stibelton, Taylor Speaks, Harry Egan, Marvin and Edgar Corder, Fred Porter, Charles Daugherty, Edward Kaercher, John Williams, Albert and Harry Daugherty and Mr. and Mrs. Clyde Lugeneal.

The Social Sewing club was entertained at the Roffey and McCullough home in London street, Wednesday afternoon, July 12. The afternoon was spent in sewing and a dainty luncheon was served, after which the club adjourned to meet in two weeks with Mrs. Bebout.

Mrs. W. D. Melick delightfully entertained the members of the Mignonette Embroidery club at her home in East Church street, on Thursday afternoon. A delicious luncheon was served the members and following guests: Mrs. Stanley Stotler, Mrs. Wayne Day, Mrs. M. A. Cunningham and Miss J. Smith.

On Thursday evening Miss Irene Johns very delightfully entertained a number of young people in honor of Miss Gale Lynn, who will leave Sunday for Springfield where she expects to spend the summer. The evening was spent in music and dancing and at a late hour a delicious luncheon was served.

The following were present: Misses Gale Lynn, Mabel Cummons, Ethel Daugherty, Pearl Speaks, Elizabeth McWilliams, Helen Griffith, Hazel Francis, Mary and Clara Pell Johns, Myrtle Ross, Hazel Stasel, Martha Sasser and the hostess; Messrs. Our Boys and Girls

Not even Christmas with all its wonder and excitement means as much to some children as their own one day—their birthday. And it is not an exaggeration to say that the child who is not convinced that his own birthday is the pleasantest day in all the year has really never been given a proper birthday. Remember in planning the next birthday that this one day is the child's own. So if the child wants a party, give him a picnic more than a party; give him a picnic. While you are planning what sort of birthday will make the child happiest, do not forget that the greatest source of birthday joy comes in the element of complete surprise, and the greatest secrecy should be maintained with regard to the preparation for birthday doings, so that nothing can detract from the real birthday happiness.

In planning birthday surprises do not make the mistake of giving the child too much at once, but rather spread the surprises out from the little toy hidden in the child's shoe in the morning to a last token, tucked under the pillow at night. There are many clever schemes of spreading the joy of surprise out over the whole day.

Milady's Boudoir

Preparing for Summer Tan.

Girls are, as a whole, very rash in the way they acquire a tan. They go away to the country or shore for two weeks in July and August and sit in the hot sun so constantly that the result is that they are not only burned but actually scorched. Their skins are blistered and raw from the fierce heat of the sun and they suffer for aches from the pain and from the itch of the sunburn.

The girl who likes and wants to be sunburned will find it much more convenient and comfortable to acquire it gradually. The girl who dislikes a tan and wants to keep her skin white can only do so by wearing wide brimmed hats and gloves or by carrying a parasol constantly. There are, however, many, many girls who really feel that their vacation is practically lost if they do not return with a good burn or tan. It is the visible witness that they have spent their vacation out in the open and they are determined to acquire it no matter what the cost.

It is much more sensible and far less painful, however, to lay the foundation of your burn now, and then add to it gradually instead of trying to acquire it all at once. The June sun is not nearly so scorching as the July or August sun and you will not suffer so much from sitting in it for hours as you will if you try to sit in it for hours later on in the summer.

If you lay a good foundation for your future tan now, your skin will be sufficiently hardened by the time your two weeks' vacation time comes, so that you need not fear the hot sun's effect. But if your skin is quite soft and unprotected and then you expose it constantly to the blazing sun, you will find that half your two weeks will have to be spent in bed, nursing blisters on arms and neck.

Everyday Etiquette

"The other day I met a girl on the street who was visiting here after being away for several years. I was glad to see her, but I did not kiss her, as we met on the street. Did I do right, or should I have kissed her?" asked Florence.

"You did perfectly right. It is bad form to give such demonstrations in public," answered her grand mother.

ARE ENJOYING AN OUTING AT BUCKEYE LAKE

The members of the United Commercial Travelers' their families and friends are enjoying an outing at Buckeye Lake Park today. The local organization joined with Columbus, Zanesville and other cities and a special car left Zanesville at 9 o'clock bearing the city's delegation. They were accompanied by the U. C. T. "kid" corps.

A large crowd is attending the outing and a program of special events have been arranged, and the Newark organization will give away an Overland automobile. The Glass dancing pavilion has been engaged this evening exclusively for the U. C. T.

The drawing for the automobile will take place tonight at 11 o'clock.

Readers' Viewpoint

A Plea for Poor Children.

Editor of the Advocate.

I noticed with great pleasure a statement in one of your recent issues that the Automobile Club of Cleveland were arranging to give a number of country outings to the children in the various charitable institutions of that city. And this made me wonder whether they are preparing to do anything in that direction for the thousands and thousands of the children of the poor in that city, who have no chance throughout the summer season to catch even a breath of country air.

And then the question arose in my mind whether the people of Newark who have carriages and automobiles ever even think of giving rides into the country to our own poor children—and their tired mothers. During my forty years' residence in Newark there has surely been some of this missionary service during the summer season; but I can hardly recall a single case that has ever come within my own knowledge or observation.

Say, all ye good people, do you know what a means of grace and of progress toward the kingdom of heaven you are failing to improve? For when Jesus the Christ said, "Of such is the kingdom of heaven," did he not have in mind the children of poverty and misfortune as well as the children of the rich and prosperous? And do you recognize the fact that if you would render the highest possible service to children, you must not only put away all the airs of superiority and undue condescension but must seek to become like them? I sympathize with all the efforts that are being made to extend the Christian gospel to the uttermost parts of the earth; but I am persuaded that there is a field for missionary work among the children of the poor in our own midst that has never yet been occupied or only partly occupied.

If I were charged with the moral education of all children, Mr. Editor, after seeing that they were properly clothed and fed and sheltered, I would seek to have them gathered into Sunday schools for the purpose of religious instruction and for the equally important if not even more important purpose of human interest and sympathy, which I take to be the soul of all moral and religious instruction. But at the same time I would want them to see much of Nature's beauties and enjoy as much as possible of Nature's mysterious ministry in the open country. When I would encourage them to render all reasonable and proper service to their elders and to one another, I would let them run and play and romp and frolic in the open fields. I would let them bathe their feet in the brooks and the shallow creeks; I would let them lie down on the grass; I would let their faces be browned by the sun; I would let them worship the trees and the stars and the skies, and their souls may be rejoiced and thrilled with Nature's smiles!

I cannot understand or explain the ministry of Mother Nature, but I know how well she loves little children and now she is always ready to show them her beauty and glory and make them happy and teach them to be good. For in their innocence and simplicity they can see what we men and women cannot see and hear what we cannot hear; they can therefore face God and hear the voice of God in all his works.

M. R. SCOTT.

Got His Answer.

A bachelor said at a tea to an old maid:

"Have you ever noticed (ha, ha, ha) have you ever noticed, ma'am, that bachelors as a rule are much richer than married men?"

"Yes, I have," the old maid answered.

"Well, how do you (ha, ha, ha) how do you account for it?"

"Like this," said the old maid: Poor men marry, and rich ones don't. Men are much readier to divide nothing with a woman than they are to divide something, you know."—Detroit Free Press.

SOLDIERS ARE BEING RUSHED TO THE BORDER

(ASSOCIATED PRESS TELEGRAM)

Boquillas, Texas, July 15.—(Via army field telephone to Marathon, Texas.)—Re-alignment of troops for protection against bandit raids in the Big Bend country began today with the arrival here on a motor truck train of one company of the Third battalion, Pennsylvania National Guard and the dispatch of a troop of the Sixth cavalry to reinforce B troop at Glenn Springs. The remainder of the Pennsylvania battalion at Marathon will be transported to border points as rapidly as possible. Troops also are being rushed from Alpine and Marfa to the border as a result of repeated warnings that bandits are advancing to the Rio Grande to raid this exposed part of Texas.

Ranches report that Mexicans in the district across the river, which has been a hot bed of outlawry, are near starvation, and say they will be forced soon to raid the American side to get supplies.

Estimates of the number of bandits reported moving toward the Big Bend vary from a few hundred to more than a thousand.

Y. W. C. A. Notes

"Something new is happening all the time, and the most exhilarating place I know of is a camp." Girls, we know you are all anxious to hear about camp and swimming just now, for this is camping and swimming weather. Well, first about camp. Miss Childs has returned, refreshed from her trip home, and is entering into all the plans with a zest. We will camp at Miss White's on the Hebron road again this year, for several reasons, the chief one being that this camp is so accessible from the car line. Miss Childs paid a visit to the camp one day this week, and when she came back, she said she wished she could have stayed out there. Do you blame her? She reported, too, that Miss White and Mrs. Stevenson were building us a dining room, so that we would not have to be afraid of having all our "eats" get wet, should

a storm arise in the night. And we think we heard someone say that there might be a couple of row-boats, too, this year. As soon as the dining room is finished, camp will be ready, and we think that will be about the middle of next week. So, girls, get your camping kits together, and prepare for roughing it. We will answer all questions as to terms, etc., at the Y. W. C. A.

Swimming. Where? Why, our big brother, the Y. M. C. A., has again generously offered us the pool for every Wednesday evening during the season. And, of course, we have accepted. Class starts at 7:30, and there will be a swimming teacher on hand to instruct those who need instructions. 15 cents for members, 25 cents for non-members.

The religious work committee met for their regular monthly meeting on Wednesday afternoon at the home of Mrs. Fred Evans on the Cherry Valley Road. A most delightful time was had, and the business meeting, rather dreaded in hot weather, was turned into a pleasant informal reception. Mrs. Evans is an informal hostess.

Miss Harva Reel, who has been spending a few days in Dayton, has returned to the boarding home. We are glad to have her back, as we miss the sound of the piano, when she is gone.

These are broiling days for Mother Pierce and her staff, and every opportunity is seized to get out to the cool water, and green woods. Thursday afternoon, Mother Pierce, Miss Childs and most of the house girls went on a picnic to Buckeye Lake. A fine time was reported to those who wanted to go out on a later car, and then were afraid of the storm and didn't go at all. Miss Childs' time with us is getting short, and we hate to think of the time when we can't go on any more picnics with her.

We have Mrs. Evans to thank for making our rooms bright with flowers for several days this week, and a pleasure to thank her heartily. It is a pleasure to all coming in the rooms, as well as to those who stay in the rooms to have the bright spots of color.

Y. M. C. A. Notes

General Secretary Frank L. Johnson returned Tuesday night from a two weeks stay at the Lake Geneva, Wis., Y. M. C. A. camp, after which he made a flying trip to Omaha, Neb., to visit his brother, Mr. Johnson. Reports having had a most enjoyable time, but says that it is great to be back home and on the job again. Physical Director Chas. Allen, who accompanied Mr. Johnson to Lake Geneva and is taking a course in the Y. M. C. A. college, will not return until about August 1.

A little carpenter work is being done on the second floor; some alterations are being made in order to provide for the general secretary's private office, need of which has been felt for some years. This room will also be used by the board of directors and for committee meetings.

It is quite the usual thing for college men to be dropping in to the association building these days, and two such men are rooming in the dormitory for the summer. Many college men are working in and around the city and they feel that the Y. M. C. A. is a good place to stop. Here is what President Dabney of the University of Cincinnati has to say about student Y. M. C. A.: "I have heartily favor a Young Men's Christian Association in a college. First, because of the great assistance it gives the faculty in helping young men find homes and employment. Second, because of the training it gives in service to each other and to the community. Third, and especially, because of the efficient way in which it promotes the development of Christian character in young men and so prepares them to be wise and efficient leaders in business, in the church and the state after they leave college." What President Dabney says of the college Y. M. C. A. holds good for city associations also.

The boys who are attending the summer school at the Central building enjoyed a swim in the "X" pool yesterday afternoon. Those who haven't tried it, cannot realize how cooling and refreshing a good shower bath and a plunge in the pool are on a real hot day.

The regular monthly meeting of the board of directors will be held in the building next Tuesday evening at 7:30 o'clock.

Twenty-nine boys of the Cadet class enjoyed a hike to the Hartshorn farm, about mid-way between Newark and Granville, last Tuesday. The weather was pretty warm for hiking, but the dip into the "old swimmin' hole" made the boys feel set all about the heat. And then how good that picnic dinner did taste! That country air and plenty of exercise surely does give boys a healthy appetite.

A social for boys between 10 and 16 years of age will be held in the lobby this evening. There will be some games, music by Dave Pierce, and light refreshments. All the boys will want to enjoy this first "Saturday night."

Going to It Gently.

"Can you bear it if I tell you something serious?" ventured the young husband.

"Yes; don't keep anything from me," gasped the bride.

"Remember, this does not mean that my love for you is growing less."

"Don't break my heart. What it is?"

"Well, my dear, I'm getting tired of angel food every day for dinner. Would it be too much to ask you to have liver and onions?"—Pathfinder.

Strict Restitution.

"If—Do you really believe that all stolen goods must be restored?"

"Yes—Of course, I do."

"He—Then, since my conscience is troubling me, will you let me return you the kiss I stole last night?"—Baltimore American.

Lodges

I. O. O. F.

Newark Lodge met in regular session Monday evening with a good attendance. Four candidates were found in waiting for the second degree and were introduced and instructed in the mysteries of the degree. Next Monday evening the first degree will be conferred.

Last week we made two out of town visits. Gratiot on Wednesday evening to confer the first degree, and Nashport Friday night to confer the second. The weather is warm for degree work but those who went would not have missed the trip for anything. On next Tuesday evening we will go to St. Louisville to confer the first degree. As we are putting on that degree on Monday evening the degree stars will be in good shape. Come out to lodge Monday evening and make arrangements to go on the trip. Visiting brothers always welcome.

K. O. P.

Newark Lodge No. 13 held their regular weekly meeting on Thursday evening and in spite of the inclement weather there was a very good crowd out at this meeting.

The regular routine of business was light and disposed of in short order, two new applications were received and referred to the proper committees.

The sick members are improving very satisfactory with one or two exceptions.

After the routine of business was disposed of the Page Rank was conferred on a class of four candidates in the new form and the work was put on in fine form by the newly elected officers and was enjoyed by all who were there.

We had with us on this occasion Brother David Swisher of Hudson avenue, the oldest member of the lodge, the only surviving charter member of old No. 13, and he seemed to enjoy the work very much and says that the work never grows old.

Next Thursday evening the Esquimaux Rank will be conferred on a class of Pages and it is the desire of the officers that we have a good crowd out at this meeting to assist in the work as some of the candidates say that they want the worth of their money and it is the practice of old No. 13 to give it to them. Visitors always welcome.

Roland Lodge.

It was very warm last Tuesday evening, but a large crowd was in attendance at the meeting of Roland Lodge, No. 305. Installation of officers was conducted by Bro. J. S. Loughman, acting as deputy grand chancellor. Two applications for membership were received. There will be no degree work next Tuesday evening and probably not very much during July and August, but look out for plenty to do this fall and winter. The new lodge deputy and officers are wide awake and are going to do all in their power to make this term a memorable one. At the close of the lodge session all adjourned to the banquet hall where cooling refreshments were served, together with the presentation of the emblematic ring to Bro. C. E. Root by the retiring Chancellor Commander D. S. Gittings, an account of which has been published.

Daughters of Veterans.

At the Daughters of Veterans meeting Tuesday evening Miss Bernice Carr, first delegate to state convention at Marion, O., read her report, which was exceedingly interesting, showing great honor bestowed upon Philomena M. Wehrle Tent No. 25, Newark. The president, Mrs. Hickman, was elected state patriotic instructor and was also presented with a solid silver spoon for having secured the largest number of new members during the year of any of the state aids. Miss Bessie Dawson, treasurer of the Tent, was elected delegate to the national convention to be held in Kansas City, Mo., in September.

The ladies drill team was received with enthusiastic applause in their work on convention floor, and a resolution of thanks sent to them by the state department.

The next meeting will be July 25. All officers are most urgently requested to be present. Do not let the excessive heat interfere. Remember some one must be there and why not you.

LEMMERT POST.

The following program will be rendered at the open meeting, Sunday, July 16, at 2 p. m.: Assembly—Robert Davidson. Invocation.

"America"—Audience. Piano solo—Miss Mabel Metz. Short Talk—Comrade D. H. Hollister.

Song—Daughters of Veterans. Address—Rev. Grover Diehl. Music—Miss Metz. Talk on The Life and Deeds of Captain Wertz, the Terror of Andersonville Prison—Comrade O. E. Hunt.

Talks by Comrades. Taps—Robert Davidson. Benediction.

There are always things worth while at these meetings and the patriotic people of Newark are welcome and invited to attend them.

FRENCH HOLIDAY CELEBRATED IN IMPRESSIVE WAY

(Associated Press Telegram)

Paris, July 15.—The French national holiday yesterday was celebrated throughout the country. The streets and boulevards of the capital were crowded and buildings on all sides were flag draped despite the rain that was falling.

With the struggle along the Somme and at Verdun at its height the celebration took on an aspect of solemn grandeur, the chief interest centering the review by President Poincare of French, British, Russian and Belgian troops and the presentation of government testimonials to families of men who had fallen in battle.

The delivery of the testimonials was the occasion of an impressive spectacle, the back ground of which was furnished by an assemblage of black guard of widows, orphans and parents entitled under a recent law to documents signed by the President of the republic, a testimonial being due each affected family.

25 Years Ago

(From Advocate, July 15, 1891.) Mrs. Joseph A. Kates left the city this morning for Pittsburgh and will remain there one week. From there she will go to Atlantic City and spend a week among friends.

City Solicitor Edward Kibler left last night for Put-in-Bay to attend a meeting of the State Bar Association. He was accompanied by his wife. They expect to be absent the rest of the week.

Mr. George Porter, formerly of this city, died at his home in Oswego, Pa., Thursday afternoon, after a short illness.

15 YEARS AGO

(From Advocate, July 15, 1901.) Marion Chrisman will leave Tuesday for Kansas City to visit his brother Frank, and they will go to the Indian territory.

Oscar Stanton, who has been spending the past few weeks with his grandparents, Mr. and Mrs. John McKenna left Saturday for Portsmouth, where he will visit relatives before returning to his home in Pittsburgh.

The following young people drove to the reservoir and took supper at Hebron last evening: Misses Edith Upson, Shirley Pitzer, Ruby Franklin, Hazel Thomas, Ruth Speer and Lillian Franklin; Messrs. Clair Woodbridge, Frank Webb, Fred Knowton, Alfred Goplen, Lee Wyeth and Paul Sheppard.

The World War a Year Ago Today—July 15.

Germany formally admitted that the Nebraska, a United States merchant ship, was damaged without warning by a torpedo from a German submarine and not by a mine. The commander of the submarine had assumed that as the vessel flew no flag it was English.

Germany announced the occupation of the strongly fortified city of Przasnysz, in northern Poland, fifty miles from Warsaw. Russians retreated to main line of forts on Narew river.

Germany offered indemnity in Cushing case, in which American vessel was struck by an aerial bomb.

GARLINGHOUSE FOR COMMISSIONER

(Political Advertisement.)

George Garlinghouse of Monroe township, is seeking the Democratic nomination for membership on the board of Licking County Commissioners. Three are to be nominated by each party at the primary election on August 8th. Mr. Garlinghouse came to Licking county 31 years ago from Delaware county. He lives on a farm near Johnstown. He has been elected township trustee six times by his fellow citizens. Mr. Garlinghouse has three children, one of whom, Glenn, lives in Newark. He is making an active campaign and one of the chief planks in his platform is "Good Roads." Mr. Garlinghouse got up the first petition in Licking county for a pike.

**LICKING CORN
BOYS PERFECT
ORGANIZATION**
Seven boys ranging in years from
14 to 16 years of age, contestants
in the Boys' Corn Growers contest
for a week's free trip to the Ohio
State fair next fall, met at noon to-
day in the convention room of the
court house and formed an organiza-
tion known as the Junior Corn
Contest club. Roe King of Pataskala
was elected president of the or-
ganization and Harold Woolard sec-
retary.
Later the boys held a meeting and
voted to send Harold Woolard of
Pataskala and Herman Tucker of
Lima township to the state fair as
representatives of Licking county.
A vote was then taken for alter-
nates, two to be elected, which re-
sulted in Roe King of St. Albans
township and John Kummer of
Kirkersville being selected.
The meeting was attended by
newspaper representatives and sev-
eral county officials. Other of-
ficials expected at the meeting,
failed to show up. It was then found
necessary for the boys to organize
and select their own representatives.
The boys who were present at
the meeting were Harold Woolard
of Pataskala; Herman Tucker of
Lima township; Roe King of St. Al-
bans township; John Kummer, Har-
old Hoskinson and Kenneth Kum-
mer of Kirkersville and Lawrence
Moreland of Pataskala.

**FIVE SUSPECTS
HELD BY POLICE**
(Associated Press Telegram)
Akron, July 15.—Five Cleveland
men suspected of being implicated
in a number of robberies in Cleve-
land and Akron, were being held to-
day by the local police on an open
charge.
The men were arrested after a
chase in an automobile stolen from
a transfer company. They had
seized the machine and left the driver
gagged and bound to a tree near
Springfield Lake. Motorcycle Pa-
trolman Krause captured the men
after a chase.
When arrested five guns were
taken from the men. The men ar-
rested gave their names as Walter
Berg, Harry Board, George Miller,
James Adams and Harry C. Webb.

PATTON & ROSS RECOVER AUTO
Suspects Bound Over to The Grand
Jury Saturday.
(Johnstown Independent.)
The Ford automobile belonging to
Patton & Ross which was stolen at
Buckeye Lake on the evening of
July the 4th has been recovered,
with little damage. Mr. Patton set
to work the evening of the 4th and
spread a net of evidence over the
central part of Ohio that resulted in
the arrest of three suspects, R. S.
Rhodes and C. W. Wolfe were charged
with the theft of a Columbus ma-
chine which officers say they drove
to Buckeye Lake before the theft of
the Patton machine. Both waived
the reading of the affidavit in Col-
umbus and were bound over to the
grand jury there, but released under
bond. The other suspect, a youth of
18, was given indefinite sentence at
the Mansfield Reformatory.
As soon as the Columbus police
released Rhodes and Wolfe, New-
ark officials, acting under a warrant
sworn out by Mr. Patton brought
the young men to Newark where
they were arraigned before Mayor
Rigbee Saturday afternoon. Both
waived the reading of the affidavit,
and were bound over to the grand
jury with bond fixed at \$300 each.
The parents of the youths furnished
the bonds in both cases. Their case
will be reviewed by the grand jury at
its next sitting.
The \$100 reward offered by
Messrs. Patton & Ross for the return
of the auto and the arrest and con-
viction of the thieves went to the Col-
umbus Police Pension Fund.
The \$100 reward offered by
so short a time was indeed a very
clever piece of work on the part of
Mr. Patton.

CHRISTY CASE DISMISSED.
Zanesville, July 15.—The divorce
petition filed in common pleas court
here by Howard Chandler Christy,
world famous artist, against Mrs.
Mabelle Thompson Christy, has been
dismissed at the cost of the
plaintiff. It is understood that while
there has been reconciliation be-
tween the principals, Mrs. Christy
agreed to a satisfactory concession
as to the allowance her husband is
to pay her and the pair will continue
to live apart as they have since their
famous habeas corpus suit in this
city six years ago for the custody of
their daughter, Natalie, then 19, who
was made a ward of the artist's sis-
ter, Miss Rose Christy.

HAD A FINE TIME AT ELK CONVENTION

James R. Cooper, delegate from the local lodge of Elks to the Grand Lodge meeting at Baltimore, left Baltimore Friday evening and will spend today and Sunday in Washington, D. C., returning to Newark Monday.

While in Baltimore Mr. Cooper had the extreme good fortune in being presented to Captain Koenig, commander of the German U boat, Deutschland, the largest in the world, which arrived in Baltimore last Monday with a cargo of dye stuffs for America.

Captain Koenig entertained a number of the national and Ohio state officers, Mr. Cooper being among the latter, at a luncheon Thursday and presented them all with a souvenir. Mr. Cooper states that all the members of the crew are more than ordinary seamen, being men of extraordinary attainment. All dressed in clothes of German make, there being little difference in style from the Americans. All danced the American dances and a sociable time was had.

Mr. Cooper enjoyed a big clam bake down the Chesapeake bay Thursday and yesterday was a guest at a number of functions given by the city. Today and Sunday he will visit Washington, Annapolis Naval academy, Gettysburg battlefield, Pen-Mar and will take a drive through the beautiful Blue Ridge mountains.

as to the quality of various food-stuffs supplied the troops, another complaint of this nature was made to General McKenney today.

Relative to these Major Reynolds, commissary officer, declared every effort was being taken to insure the troops the best of food possible.

Since the burning of the large Columbus bakery recently where most of our bread supply was coming from, we have been compelled to get some bread from Toledo and other points," he said. "These shipments are made in paper cartons in which, if not opened within 24 hours the bread will become moldy. Many of the camp cooks do not know this and as a result moldy bread accumulates on their hands."

He also declared the milk and beans supplied the troops and concerning which complaint was made, are of first quality.

The Ohio cavalry squadron consists of four troops under the command of Major Dudley J. Hard of Cleveland. The troops are A, of Cleveland known as the "Millionaire troop" because of the number of wealthy men belonging to it; B, of Columbus, C, of Cincinnati and D, of Toledo.

Governor Frank B. Willis announced today that he had investigated complaints that unserviceable food was being served to Ohio National guardsmen at Camp Willis and had found that steps to remedy conditions complained of already had been taken.

He said that the complaint against certain amounts of bread shipped from Toledo, which was moldy when it reached here, was a proper one, but that the shipments immediately were stopped and provision made to serve only fresh, Columbus-made bread.

He said that the beans looked good to him, when he examined them, and that only one or two poor beans could be found in a quart. This is always the case, he said, and that it is the business of cooks to sort out the few poor beans before putting them in the oven.

The governor said that the complaint against the serving of a substitute for evaporated milk was justifiable inasmuch as the specifications called for "evaporated milk" but that only a small amount of the substitute was issued. No more will be accepted, he said. The substitute, which was a compound of evaporated skimmed milk and vegetable fats, was perfectly wholesome, he said.

He urged particularly that parents should not become alarmed over conditions at the camp, asserting that both food and sanitary conditions are excellent. "I hope that parents will not begin to send jams and packages of food to the boys," he said, "for if this is done, the danger of sickness resulting will only be enhanced. Conditions at the camp are better than I ever knew them to be at any mobilization camp at any time."

A. Hall, the chief medical adviser, told me this morning that there are only 53 on the sick call, and this is a remarkably good record."

(Associated Press Telegram)
Camp Willis, Columbus, July 15.—The Eighth regiment, Ohio National Guard, expects to leave Camp Willis for the Mexican border within twenty-four hours. Colonel Vollrath, commander of that unit, announced this morning. "Instructions have been issued to the commissary department to provide ten days' rations for each man. Loading of supplies on railroad cars will begin at 3 o'clock this afternoon. I have been instructed that transportation for the Eighth will be available at 3 o'clock this afternoon."

Colonel Vollrath refused to disclose to what point on the Mexican border the Eighth would be sent, however. It was rumored about the camp that El Paso or San Antonio will be the point.

The Eighth regiment will be the first unit of Ohio troops to go south.

Units are expected to follow in quick order.
Major Robert W. Mearns, senior federal mustering officer today ordered the Ohio cavalry squadron to get ready to move to the border. However, no cars have been ordered as yet for the cavalry and it may be two or three days before they get away.

Major Mearns announced that he had received instructions of central department headquarters at Chicago to rush all Ohio troops "reasonably ready," to the border as soon as possible. He stated that orders had been given for the Eighth regiment to begin loading and entraining at 3 o'clock this afternoon. This meant, he said, that the Eighth probably would leave Camp sometime tonight. It was announced that the troops would go to St. Louis over the Pennsylvania railroad.

All the Ohio troops will have left for the border within a week, in the opinion of Major Mearns.

Following are the units of the Eighth regiment:

Headquarters Company, from Lancaster; band from Akron; machine-gun company from Akron; supply company from Mansfield; and the following companies of infantry: A, from Bucyrus; B, from Akron; C, from Canton; D, from Wooster; E, from Ashland; F, from Akron; G, from Wadsworth; H, from Shreve; I, from Tiffin; K, from Alliance; L, from Galion and M, from Mansfield.

With the mustering of the Ohio National Guardsmen into the federal service completed there is nothing left today for the soldiers to do but pass the physical examination before they are will be fledged United States National guardsmen.

It will probably be five days before the physical examinations are completed. Meanwhile, the troops will continue the drills and exercises designed to harden and fit them for border duty whenever that may come.

Officers of the quartermaster and ordnance departments will proceed with the distribution of the supplies which have been sent here by the government.

Consideration of complaints of the food supply at the camp will be undertaken today by Governor Willis and cap officials.

MAY NOT LEAVE UNTIL TOMORROW.

(Associated Press Telegram)

Camp Willis, Columbus, July 15.—Indications late this afternoon were that the Eighth regiment would not leave camp until some time tomorrow morning because of the slowness of "checking in" of supplies to each company. However, the work of loading supplies on trains began at 3 o'clock in a drenching rain. The cook tents of the Eighth were dismantled this afternoon and the members of that regiment will be forced to eat a cold supper tonight.

32,000 GUARDSMEN NOW ON THE BORDER; NEW YORK IN THE LEAD.

(Associated Press Telegram)

New York, July 15.—Fifty-two thousand national guardsmen from the department of the east are now at the Mexican border or approaching the border, Major-General Leonard Wood announced today. Of these, New York state has contributed 16,178. Pennsylvania is second with 12,779.

General Wood, who returned to his headquarters on Governors Island yesterday after an inspection of the citizen's militia training camp at Plattsburg, said the camp was a great improvement over the ones at Plattsburg and other places last year and one of the finest camps ever established in the country.

W. VA. REGIMENT ORDERED BROUGHT TO FULL STRENGTH.

Charleston, W. Va., July 15.—Orders have been received to recruit the Second West Virginia infantry to full war strength. The regiment now has 892 men mustered into federal service and 1,042 more are needed. The first infantry will be disbanded. Two-thirds of its 800 men will be transferred to the Second regiment and the balance will form the skeletons of new artillery and cavalry units of which the state now has none.

Many families of men in the Second infantry now in camp are in destitute circumstances. Aid has been promised but has failed to materialize. Colonel Morrison announces that unless dependents are promptly provided for he will approve the discharge of all married men. There are a large number.

BOPE-HAYES PLAYS HERE SUNDAY AFT.

The Bope-Hayes team of Columbus will be the attraction at Wehrle park tomorrow afternoon, when they meet the Fitzsimmons team of the Capital City league, in a game that promises to furnish plenty of thrills.

The Newark aggregation by winning tomorrow's game has an opportunity of jumping into the lead in the league standing, provided the Wilkes of Columbus can stop the Links at Lancaster. The local team will have its strongest team in the lineup to turn back the famous Laddie Link and Tony James, ex-stars of the Columbus American Association club.

One week from tomorrow, Connie Mack's "white elephants" from Philadelphia will invade Newark for a game with the Fitzsimmons team and then Newark fans will have an opportunity of seeing the team with which Mack expects to cop the American league pennant in 1917.

An eagle recently seen near Bath, Maine, with a bell hung around its neck, has been identified by Edward Brown, as one of a number of these birds caught by W. W. Dole, near Harpawell, more than 25 years ago and released after he had attached bells to their necks.

INSPECTED THE GERMAN SUBMARINE

(Associated Press Telegram)
Baltimore, July 15.—Mrs. Thomas R. Marshall, wife of the vice president, visited the German submarine Deutschland yesterday evening. It became known today, and was shown through the vessel by Captain Hirsch of the interned German steamship Neckar, which is lying alongside the submersible. Captain Hirsch said Mrs. Marshall was the first woman to go below deck since the Deutschland arrived in American waters.

Captain Hirsch said the temperature of the interior of the submarine was about 119 degrees while Mrs. Marshall was exploring it. She expressed amazement at almost every turn.

Mrs. Marshall was accompanied to the pier by her parents, Mr. and Mrs. E. P. Kimsey, who remained on board the Neckar while she inspected the submarine. The party returned to Washington shortly afterward.

Stevardores continued today to load the Deutschland's return cargo.

DEATH SENTENCE FOR THE BANDITS

Laredo, Tex., July 15.—Jose Antonio Arre, Jesus Maria Cerda, Paulina Sanchez and Vincente Lira, the four alleged bandits, but self styled members of the Mexican constitutional army, charged with murder in connection with the killing of Corporal William Oberlies of M troop Fourteenth U. S. cavalry, today were found guilty by a jury and sentenced to death.

MAKES PROMISE OF CONTINUED WARM WEATHER

There is no indication of a break in the heat wave for several days. The thermometer at the John Brown grocery in East Main street at noon today registered 93. The thermometer registered the same at 1 o'clock Friday afternoon. The humidity seemed greater yesterday, but today a slight breeze was felt. The weather man holds forth no promise for rain tonight or tomorrow and says the warm weather will continue. Friday evening there was a heavy shower for a few minutes in the business section of the city, while in other parts only a few drops of rain fell.

The Railroads

Sunday's Excursions.
The Baltimore & Ohio railroad company will run three excursions over the Newark division Sunday. At 6:30 a. m., tomorrow the first excursion will leave this city for Cedar Point and will be known as the Newark-Cedar Point excursion. At 10 a. m., the Parkersburg to Columbus excursion is due to arrive here, and a short time later the Wheeling to Columbus excursion is scheduled to arrive.

The three excursions will enable Newark people to visit all points north on the Lake Erie division as far as Sandusky and west as far as Columbus. The extreme warm weather of the past few days is expected to swell the sale of Cedar Point tickets.

J. H. Osborn Injured.
J. H. Osborn, 368 North 11th street, blacksmith helper at the local Baltimore & Ohio shops, yesterday noon suffered the loss of the end of a finger on his right hand. Mr. Osborn was operating a shears machine, when in some manner his finger was caught in the knives.

Ball Team at Utica.
The Baltimore & Ohio baseball team of the Newark division went to Utica at noon today to play the team of that place a practice game this afternoon. Sunday morning at 8:05 a. m., the team will go to Wheeling to play the division team of Wheeling a scheduled game for honors in the Baltimore & Ohio system league.

Vice President En Route.
Vice President C. W. Galloway of the Baltimore & Ohio railroad, arrived in Newark last evening en route from Chicago Junction to Dayton. He left Newark a short time later on Pennsylvania train No. 13.

IN CONFERENCE OVER THE DEAL

(Associated Press Telegram)
New York, July 15.—President H. N. Hempstead of the New York National league club and Garry Hermann of the Cincinnati club were in conference here today relative to a deal which may involve one or more players of the Giants to be exchanged for Charles Herzog, manager of the Cincinnati team. None of the officials of the local club would discuss the status of the proposed deal, but it was being forthcoming later.

It was reported that among the players being considered by the Cincinnati club were Pitcher Christy Mathewson, Captain Larry Doyle, the Giants' second baseman, Arthur Fletcher, shortstop and Infielder McKechnie.

A Shakespeare joke preceded the Shakespeare tercentenary in New York. When Herbert Tree responded to a curtain call in "Henry the Eighth," some one in the audience shouted: "Author, author."

Tired, Nervous, Run-Down, Liver Clogged and Poisoning the System

Tollo Water Will Clean Your Liver and Start You Feeling Good In Half An Hour

Too much rich, starchy food clogs the liver. The drains become choked with waste matter and cannot discharge the bile as nature requires. When the little bile tubes become stopped, the bile is gradually forced back into the system, making the skin yellow and the tongue coated. The stomach gets upset, causing gas to form, you feel stuffy and uncomfortable after every meal, have a headache and become tired, nervous and run-down.

The surest and quickest relief is a Tollo Water liver bath. Get a 15-cent bottle from any drug store and take a third of a tumblerful in a glass of plain water before breakfast. In half an hour it will dissolve and flush out all the waste that is clogging the liver, leaving every tiny tube clean and fresh.

When the liver is clean and active you can eat what you like without suffering afterwards; you will never be constipated, nervous and unstrung.

Tollo Water is concentrated and bottled at Dawson Springs, the famous Kentucky Health Resort. It flushes and bathes the liver without irritation and does not make you sick or leave you weak and exhausted.

To get the best results and be sure you are rid of all the poison your system has absorbed, you should take it every morning for a few days.

HERZOG CONSENTS THAT TRADE FOR HIMSELF BE MADE

(Associated Press Telegram)
Cincinnati, July 15.—Charles Herzog, manager of the Cincinnati National league club, said today that he had consented to his transfer to some other club. It is said that President August Hermann desired to make a trade. Herzog is at present in New York where he is reported to have been in conference with President Hempstead of the New York National league club. It is said that Hempstead will accompany Hermann to Cincinnati tomorrow morning and they will meet Herzog and endeavor to arrange the final terms of the deal.
